Good morning -

Please reserve this time for a discussion regarding the Fruitvale and Tejon AE packages. Please forward the invitation to others in your respective organizations, as you think appropriate. I will provide a call in number, and update the invite as we get closer. Please let me know if you have any questions. Please note I tacked on 15 minutes, that is just so we don't get tossed out of our conference room, if we run a little long.

Thanks, Michele
